Nature of the Beast

Sunday, 10/21, 8/7c, ABC Family

It's the timeless tale of a boy and girl falling in love—until she finds out he's a werewolf. *'Til Death's* Eddie Kaye Thomas, who plays the lupine groom-to-be, loved the idea of stepping into prosthetics and fake hair: "It goes back to the basics of a good monster film with a love story." Autumn Reeser (peppy Taylor Townsend on *The O.C.*), costars as Thomas' bride, and *Ugly Betty's* Eric Mabius is a mysterious character who may hold the key to curing the werewolf. While there are screams, Thomas promises plenty of laughs as he tries to keep his secret from his future in-laws. In other words, it's a howl.
