

[Autumn Reeser to Guest Star on Pushing Daisies and an Emerson Cod tidbit](#)

Here's a fresh scoop from [Entertainment Weekly's Michael Ausiello](#)!

"The O.C.'s Taylor Townsend herself, Autumn Reeser, will guest star in the season premiere as a Southern Belle named Kentucky Fritz who has a deadly run-in with some killer bees. "She's the number one girl at Betty's Bees, who may or may not have been up to some mischief when she was stung to death by a swarm of bees," teases Daisies creator Bryan Fuller. The gig reunites Reeser with actress Missi Pyle (aka Betty Bee); the two appeared in an episode of Fox's short-lived Wedding Bells that, unfortunately, no one ever saw. "I walked down the aisle to 'Maria' from Sound of Music," Reeser recalls. "But the show was canceled before it aired." Ironically, sounds like an episode I would've actually watched."

Ausiello also adds — *"Daisies is casting the role of Emerson's no-nonsense, chain-smoking and, get this, Caucasian mom."*
