The American Mall: the movie

Ally has musical aspirations. When she meets Joey, it seems her dreams may come true (but not if mean girl Madison has anything to do with it). If you dig the movie and love the tunes, you're in luck...

...The American Mall: the soundtrack

The soundtrack can stand alone, too (download "Get Your Rock On"). From the executive producers of *High School Musical*, the movie premieres August 11 at 9 pm ET on MTV, and the DVD and soundtrack are available the very next day.
